Nature and Extent of involvement of Faculty and students in academic affairs/Improvements

Students In Academic Affairs /Improvement

PROCESS TO IDENTIFY THE “SLOW LEARNERS”

The slow learners are identified based on their performance in first CIE and participation in class room discussion. Students who have scored less than 50% of the marks in the first CIE are identified as a slow learners and Department schedules remedial classes to interact with the students and to motivate them to do well in 2nd and 3rd CIE. Faculty highlights students about important concepts in their respective courses and assist students to improve their learning levels by issuing various instructional materials like hand notes, Question bank Covering repeatedly asked questions in University question papers and etc. Attempts are made by the faculty to give personal attention to these students, where in each faculty is assigned with 20-25 students for mentoring and parents teachers meeting is scheduled as and when necessary.

PROCESS TO IDENTIFY THE “ADVANCED LEARNERS”

Department identifies those students who does not fall under category of slow learners as bright students and are encouraged to participate in various national and state level competition, work on mini projects, enroll for Online course like NPTEL, symposia, seminars and workshops to gain knowledge on the latest developments. Bright students are also encouraged to present paper in national and international conferences. Department takes initiative and award top two students from each class with certificates, cash prize and so on during the Inter Department technical fest-EMANATION which will be held during ODD semester of every year. In addition to these top two students from each class are presented with a certificate and cash prize every year at institute level. Project proposals are being submitted to various project funding agencies.

Student centric methods, such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences

- The academic viewpoint of the institute is student centric. The various methods of experiential and interactive learning are adopted to ensure that students actively participate in the teaching-learning process.
- Experiential learning
- The institution provides a wide range of learning opportunities that engage students in real-world scenario and emphasize student interaction throughout the learning process. Few topics of the curriculum are demonstrated through experiments in the laboratory and by doing mini projects. Industrial visits are arranged to expose the students to the latest technological developments. Students are encouraged to take up internships in the industries. It provides opportunities for students to engage intellectually, creatively and gel emotionally.
- Interactive learning
- The faculty members make learning interactive for students by motivating student participation in group discussion and subject quiz. PPT presentations, video presentations will be made during the class and the sessions will be made more and more interactive.
- Participative learning
- This provides students with an opportunity to gain professional knowledge, skills and values. Students are encouraged to take part in organizing the technical activities like guest lectures, IEEE activities, CSI activities and others. The Departmental club

activities will be arranged with the complete involvement of student office bearers of the respective clubs.

- Problem Solving Methodologies
- The students are encouraged to solve real time problem. Students will take part in BAJA and GOKART activities where they involve themselves in the design, fabrication and testing of the vehicle according to the norms specified by SAE. Students are proactive in events like HACKHATHON where programming skills are exhibited and recognized in the national level.

Teachers Use ICT Enabled Tools For Effective Teaching-Learning Process

Teachers use ICT enabled tools for effective teaching-learning process.

Today, it is crucial for the students to learn and excel the newest technologies to cater for corporate jobs. As a consequence, teachers are blending technology with traditional mode of teaching to engage students learning conceptual and innovative Facts College supports and encourages the faculty to use various ICT tools.

The following tools are used by the Institute ICT Tools:

1. **Projectors** - projectors are available in different classrooms/labs
2. **Desktop and Laptops**- Arranged at Computer Lab and Faculty cabins all over the campus.
3. **Printers**- They are installed at Labs, HOD Cabins and all prominent places.
4. **Photocopier machines** - Multifunction printers are available at all prominent places in the institute.
5. **Scanners**- Multifunction printers are available at all prominent places.
6. **Seminar Rooms**-Five seminar halls are equipped with digital facilities.
7. **Smart Board**- Two smart boards are installed at two laboratories.
8. **Auditorium**- It is digitally equipped with mike, projector, cameras and computer system.
9. **Online Classes** through Zoom, Google Meet, Microsoft Team, Google Classroom)
10. **Hacker Rank** (Online Coding Platform)- inter college competition
11. **MOOC Platform** (NPTEL, Coursera, SAP, Udemy, Edx etc)
12. **Digital Library resources** (DEL NET, MYLOFT etc)

Use of ICT by Faculty

A. **PowerPoint presentations**- Faculties are encouraged and motivated to use power-point presentations in their teaching by using LCD's and projectors. They are also equipped by digital library, online search engines and websites to prepare effective presentations.

B. **Industry Connect**- Seminar and Conference rooms are digitally equipped where guest lectures, expert talks and various competitions are regularly organized for students.

C. **Online quizzes**- prepare online quiz for students after the completion of each unit with the help of GOOGLE FORMS.

D. Video Conferencing- Students are counseled with the help of Zoom / Microsoft teams applications.

E. Video lectures- Recording of video lectures is made available to students for long term learning and future referencing.

F. Online competitions- Various technical events and management events such as Poster making, Project presentations, Business quiz, Debates, paper presentations etc. are being organized with the help of various Information Communication Tools.

G. Workshops- Teachers use various ICT tools for conducting workshops on the latest methods such as Programming languages and simulations etc.

The mechanism of internal assessment is transparent and robust in terms of frequency and mode.

Continuous Internal Evaluation (CIE) Internal Assessment Test

- After commencement of the course, Department conducted two internal tests, scheduled in accordance with the university and college calendar of events.
- Internal Assessment schedule and conduction was monitored by Internal Assessment (IA) Coordinators.
- Course Coordinators prepared the Question papers and Scheme of Evaluation for their respective courses and submitted to IA coordinators.
- Question paper was scrutinized by the Principal.
- Two Question papers (set A and set B) was set for each Course. Among them, one has been selected for IA.
- Course coordinator followed the scheme and solutions for each test and assessed the performance of students.

Seminar Work Evaluation

- Head of the Department selected a senior faculty member as a Seminar coordinator. He along with other faculty assessed technical seminar presentations by the students. He ensured that the students selected advanced topics in Mechanical Engineering and allied research areas with a lot of relevance and applicability.
 - Every student presented the selected topic in the eight semesters as per the schedule mentioned prior in the Timetable and Department Calendar of events.
 - Seminar coordinators evaluated according to rubrics, for evaluation of seminar.
-

Project Work Evaluation:

- Project batches were formed as per the instruction given by project coordinators.
- Synopsis was submitted to the project coordinators for scrutinizing. Project Batches are allotted to the internal guides based on the specialization and domain expertise of the faculty members and student's preferences was considered too.
- Each internal guide continuously monitored their students on a weekly basis to observe the progress in their work.
- Project guide along with project coordinators conducted three project reviews as per the rubrics, which was set by the Department and then submitted the Internal Assessment marks to the Head of Department.
- External Project Viva voce was conducted by the panel of examiners deputed by the University. Based on the viva voce, the marks were awarded to the students and submitted to the university.
- Department encouraged the students to participate in Project Exhibition and the project Guides motivate, guided the students to publish their work in standard conference/journals.

Mentor – Mentee System:

A mentor-mentee system pairs students with faculty mentors to provide guidance, support, and encouragement, fostering academic and personal growth, and building a strong college community. In KSDC each faculty are assigned with around 10 students as Mentee.

College level:

- Grievances with respect to internal assessment evaluation are clarified by the concerned course teacher within a week after the completion of internal assessments.
- Course teacher displays internal assessment answer books along with a scheme of evaluation to all the students in the class and clarifies students' doubts if any.
- If the grievance cannot be addressed by the course faculty, the student has the option to take it up with the Head of the Department.
- Discrepancies if any are treated and addressed depending on the nature of the problem.
- Grievances of any nature can also be shared with the mentors on a one-to-one basis.
- An exclusive Student Mentoring System is also functional in the college.

University Level:

The college provides support to students with respect to the grievances in university exams evaluation (revaluation) and other administrative discrepancies at the university level.

Mechanism /Norms and Procedure for democratic /good governance

- **The effective leadership is visible in various institutional practices such as decentralization and participative management.** The institution encouraged a culture of active participation by including all the stakeholders in all activities. Few practices of decentralization and participative management are listed below
 - **Annual Budget:** Annual budget for the academic year for 2025-26 was framed by institutional head. All the departments submitted the annual budget required for their department to the principal and the consolidated budget was forwarded to the management. The total annual budget requested was Rs. 2.00 Crores for the academic year 2025-26. Institutional management approved total budget of Rs. 2.00 Crores. This Budget was utilized by all departments (BBA, BCA & B.Com) for recurring and non-recurring expenditures such as purchase of new equipment's, alterations required to labs, staff rooms, office, furniture, computers, Auditorium and support systems, software, R&D procurement, R&D and departmental consumables etc. Total expenditure of the institution for the academic year 2025-26 was 2.00 Crores which includes department and college level events.
1. **Various programs conducted during academic year 2025-26:** Institution conducts various events like, Cultural Fest, Hackathon, 3 Phases of AICTE-ISTE Induction Programs etc.

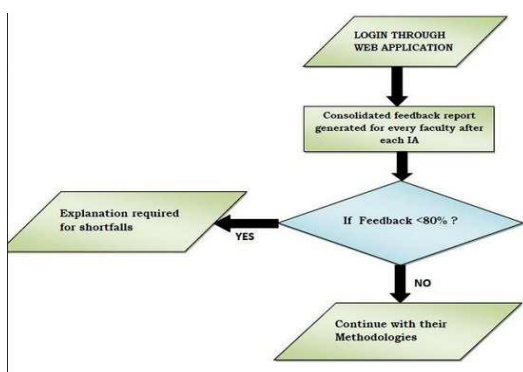

The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures,

- Our Institute has a Governing Council Committee with 10 members and they will be conducting meeting yearly twice and whenever required.
 - Recruitment is made as per requirement through advertisements in paper. The resumes will be collected and scrutinized as per requirements, by HODs under the guidance of the Principal and CEO. The shortlisted candidates will be called for interview. The selected candidates will be called for second round of discussion with the management. The selected candidates will be offered an appointment letter.
 - The Management of KS Group of Institutions (KSGI) has handbook in the hands of its employees. KSGI has been making steady efforts to work in a more guided way and this handbook, providing the necessary rules / guidelines / policies, is one such document to provide transparency in day-to-day functioning. These rules / guidelines / policies give us better focus and provide us with greater freedom in our decision making without waiting for directions from the top. The rule book is framed with respect to KSGI which is been followed by KSDC.
 - We have a total of thirty-five Committees. Due to the Covid pandemic period only a few of the committees had regular progress. They conducted meetings and events regularly as per their schedule. Anti-Sexual Harassment committee also conducted webinars for Covid awareness.
 - **Implementation of e-governance in areas of operation like**
1. **Finance and Accounts**
 2. **Student Admission and Support**
 3. **Examination**

Methodology being followed for analysis of feedback and its effectiveness

- The scale for faculty feedback rating is from 1 to 10 (10-point scale).
- The feedback collected from students is first analyzed by an Assessment Committee headed by the Principal.
- Principal can only access the feedback given by students and give away to respective Head of the Departments. Further, the respective Head of the Departments will circulate individual subject feedback as well as consolidated class feedback to each faculty.

Faculty scoring less than the Institution Standard (80%), necessary corrective actions is followed. The comments are analyzed by the Head of the Department and are discussed with the faculty concerned individually. Suggestions for improvement in teaching performance are given if required.

FACULTY FEEDBACK PROCESS

- Feedback collected for all courses: YES
- Specify the feedback collection process: Through web portal
- Average Percentage of students who participate: 85%

Faculty Performance Appraisal and Development System

A well-defined system for faculty appraisal for all the assessment years

The Management of KSDC appreciates and encourages the faculty for their services and achievements by

- Reimbursing part/ full of registration fee for participation in workshops/FDPs/STTPs
- Felicitating with certificate and cash award on receiving project funds
- Felicitating with certificate & cash award for achieving 100 % results
- Felicitating the faculty upon serving 10 years in KSDC

Feedback on faculty is collected twice a semester from the students, and is evaluated by the concerned faculty, HOD and Principal. If the feedback is less than 80 %, the concerned faculty is asked for an explanation. The key points in the feedback form are:

- Effective planning and organization of lectures
- Punctuality/class time utilization
- Ability to teach/explain/effective use of board
- Interaction/Motivating students
- Subject Knowledge
- Presentation of the subject/communication
- Linking subject with practical applications
- Syllabus coverage/Exam point of view
- Evaluation/test counselling
- Attitude towards teachers

Every year the assessment of faculty is based on their self-appraisal form. The key sections in faculty appraisal form are:

- Results, Feedback, Mentoring,
- Workshops/FDPs/MOOCs attended and organized
- Publications, R&D project proposals / grants
- Consultancy & Training, Patents
- Contribution towards the development of the Institute
- Recognitions received from outside agencies in the form of awards, prizes, projects etc.

Faculty fills the self-appraisal form at the end of every academic year. The HOD reviews self-appraisal forms and provides remarks/ comments and submits to the principal along with the academic results & students feedback. Principal reviews the self-appraisal and provides remarks/ comments and submits to the CEO of the K.S. Group of Institutions.

The faculty with less than 60 % score in self-appraisal are called before Appraisal Committee and questioned on their poor performance. They are advised to improve their performance before next assessment year. If the faculty performance is not improved for 2 consecutive years, then their increment will be withheld, advised and their probation period will be extended. If the faculty has not improved their performance for 3 years consecutively, they will be terminated from their service.

ANTI-RAGGING CELL

Ragging which is a social evil can cause an ill effect on the student community. This may have a psychological and physical effect on a student. There is no Ragging at KS Degree college campus as the administration has taken several steps to curb ragging and indiscipline. With respect to the Reference to clause g) of sub-section 26 of the University Grants Commission Act, 1956, and AICTE notification vide Curricular no. F.No37-3/legal/ AICTE/2009 dated 25/03/2009, all regulations will be followed strictly in the institute to root out ragging in all its forms.

Dear Students please fill in the online Anti Ragging Affidavit by clicking the link:
https://antiragging.in/affidavit_university_form.php

Nodal Officer Details:

Name: **Mrs. Rashmi S Nidagundi**

Email.ID: rashmish21@gmail.com

Ragging Constitutes of following acts:

- Any conduct by any student or students whether by words spoken or written or by an act which has the effect of teasing, treating or handling with rudeness a fresher or any other student.
- Engaging in rowdy or undisciplined activities that cause annoyance, hardship, or physical or psychological harm or fear to freshers or other students.
- Requiring a student to perform an act they wouldn't ordinarily do, causing shame, torment, or embarrassment
- Acts by senior students that disrupt the academic activities of other students or freshers.
- Exploiting freshers or other students for academic tasks.
- Financial extortion or forcing expenditure burdens on freshers or other students.
- Acts of physical abuse, including sexual abuse, assaults, stripping, forcing lewd acts, causing bodily harm, or endangering health.

REFERENCE:

1. Internship syllabus of Bangalore University, Karnataka, 560056.
 2. AICTE Internship Policy
- K. S. Degree College, Bangalore is an affiliated Institution under Bangalore University approved by AICTE.

PREAMBLE:

Internships are vital educational and career-development opportunities that provide practical, hands-on experience in a specific field or discipline. In today's competitive job market, employers increasingly seek candidates who possess not only academic knowledge but also industry-relevant skills and a clear understanding of professional environments, practices, and workplace culture. An internship is a structured, short-term, and supervised training program, typically focused on specific tasks or projects with well-defined objectives and timelines, designed to bridge the gap between academic learning and industry expectations.

- To provide students with structured and supervised 15 weeks internship opportunities as mandated under the BU Internship Policy – for all the B.E Schemes, enabling experiential learning beyond the classroom.
- To facilitate the application of theoretical knowledge gained during the academic program to real-world industrial, professional, and societal problem domains.
- To expose students to contemporary industrial practices, tools, technologies, and organizational work culture in alignment with BU's outcome-based education (OBE) framework.
- To develop technical competence, managerial ability, professional ethics, teamwork, and effective communication skills among students.
- To enable students to understand the social, economic, environmental, and administrative factors influencing the functioning of industrial and organizational systems.
- To enhance students' employability, professional readiness, and lifelong learning skills through industry interaction, as envisioned in the BU all B.E Scheme.

According to BU internship guidelines students have following types of Internship Options

- **Industry internship** - Internship Offered by R&D divisions of companies like ISRO, DRDO, Multi-National Companies, etc.
 - **Research Internship** - A short-term academic or industry-based program where students or early-career researchers engage in **hands-on research projects** under the guidance of faculty members or industry experts. The primary goal is to provide practical exposure to research methodologies, data analysis, experimentation, and technical problem-solving.
 - **Skill Enhancement Courses** - Students may opt for **Skill Enhancement Courses (SEC)** under **online.BU.ac.in** in place of the internship and are required to complete a sufficient number of SECs to earn credits equivalent to those allotted for the internship.
 - **Post placement Training as Internship** - **Post-placement training** undertaken by students after securing a job offer may be **considered equivalent to an internship**, subject to compliance with BU guidelines and institutional approval.
-

A new faculty member who completes his / her studies in a timely manner from any technical institution and joins in engineering college needs basic training, he / she is required to provide quality outputs in the short run so that they lead to meaningful outcomes for the discipline in the medium duration which in turn a valuable impact for the institutions in the long duration. Therefore, the faculty member is required to plan the efforts and their directions to make the academic carrier meaningful.

Faculty induction programme (FIP) has to be implemented just after recruitment of fresh teachers.

- He/She has to keep abreast with the latest syllabus in his subject.
- New faculty members are trained to develop the art of preparing a systematic lesson plan and effective classroom interaction developing competence in communication skill in various models relevant to technical problems.
- Training in human values through an appropriate process of self-exploration happened to be, by far the most important component of the training of fresh teachers.
- A teacher also has to learn the knack of continuous knowledge updating and lifelong learning.
- Apply the concepts, principles, and process of instructions and learning to ensure effective implementation of the curriculum.
- Demonstrate ethical and responsible, professional behavior in the performance of his duties and rules.
- Also, at successive stages of teaching career, training inputs about curricular development, infrastructure development, Institutional development, disciplinary and other important aspects of educational administration and policy formulation etc., will also be needed.
- The points explained above require the development of a comprehensive training policy for young inductee teachers at different stages of their career as well as meeting different needs.
- To prescribe the structure and contents of the training program at different levels.
- To monitor, facilitate and successfully improve the quality of training by proposing to develop suitable resource persons resource material and carrying out action research.
- Continuous updating of technical subject expertise by making mandatory, the successful completion of at least one subject course offered through technology-based means every year from anywhere in the world.
- Basic understanding of the teaching – learning process.
- Training in preparing a systematic lesson plan and effective classroom interaction.
- Guided exposure to good teaching practice and lab development.
- Teaching in miscellaneous aspects other than teaching such as administrative procedure, financial procedure and legal implication etc.,
- A fresher is required to attend two seminars / workshop / conferences in an academic year.
